Past performance is not indicative of future performance. To the extent any portion of the distribution is estimated to be sourced from something other than income, such as return of capital, the source would be disclosed on a Section 19(a)-1 letter located under the "SEC Filings and News" section of the funds' website, www.preferredincome.com. A distribution rate that is largely comprised of sources other than income may not be reflective of a fund's performance.
