

## DFP, FFC AND FLC ANNOUNCE NEW REGULAR MONTHLY DIVIDEND RATE

PASADENA, CALIFORNIA – July 20, 2017

The Boards of Directors of Flaherty & Crumrine Dynamic Preferred and Income Fund Incorporated (NYSE: DFP), Flaherty & Crumrine Preferred Securities Income Fund Incorporated (NYSE: FFC) and Flaherty & Crumrine Total Return Fund Incorporated (NYSE: FLC) today announced new regular monthly dividends beginning in August 2017.

The regular monthly dividend rate for DFP will be \$0.155 per share, which equates to an annual dividend of \$1.86 per share. This new monthly dividend represents a decrease of approximately 3.1% from the prior monthly dividend.

The regular monthly dividend rate for FFC will be \$0.119 per share, which equates to an annual dividend of \$1.428 per share. This new monthly dividend represents a decrease of approximately 7.0% from the prior monthly dividend.

The regular monthly dividend rate for FLC will be \$0.126 per share, which equates to an annual dividend of \$1.512 per share. This new monthly dividend represents a decrease of approximately 5.3% from the prior monthly dividend.

R. Eric Chadwick, Chairman of the Board of each Fund, said “The combination of increases in short-term interest rates and lower portfolio income has led us to reduce dividend rates. Each Fund’s common stock dividend continues to be enhanced by leverage, but leverage expense has risen steadily with Fed rate hikes to a rate of 2.2% today. At the same time, preferred-security yields have moved significantly lower as global interest rates have remained low and credit spreads have narrowed. Total returns on net asset values have been excellent in recent years, but a consequence of strong price performance is lower reinvestment yields for preferred securities. Accordingly, we have reduced dividends to better reflect the net income available for distribution to common stock shareholders.”

The August monthly dividend will be paid on August 31, 2017 to holders of record of each fund’s common stock on August 24, 2017. The expected ex-dividend date is August 22, 2017. The tax breakdown of all 2017 distributions will be available early next year, but at this point the funds anticipate that all dividends paid in 2017 will consist of income earned by the fund and not contain capital gains or returns of capital.
